## 👤 OBJECTIVE

As a seasoned Web Software Engineer with a decade of expertise in Drupal, I am seeking a remote position with a dynamic, process-oriented, and collaborative company. My goal is to utilize my skills to lead enterprise-level projects and create engaging digital experiences that make a real impact in the world.

## 📁 EMPLOYMENT HISTORY

### Senior Engineer at Kanopi Studios, (Remote)

September 2022 — Present

Drupal support services and development for clients in Drupal 7 and 9, on Pantheon, utilizing tools like Slack, Teamwork, GitHub, CircleCI, Docksal.

### Senior Developer at Phase2 Technology, Arlington, VA (Remote)

July 2022 — September 2022

Drupal backend development support and planning for enterprise level client projects, supporting a design system using Web components, Storybook, React.

### Senior Software Engineer / Technical Architect at Third and Grove, Boston, MA (Remote)

February 2015 — February 2022

Developed Drupal sites for enterprise clients in a fully distributed team environment, utilizing tools like Jira, Docker, GitHub, Travis CI, Acquia, Pantheon, AWS. As Technical Architect, led discovery, technical architecture, estimation, and sprint planning, while managing the build team and performing code reviews and deployments.

### Freelance Web Developer at Wes Jones (self), Rochester, NY

December 2011 — Present

Developed websites for local businesses and real estate agencies in the Rochester, NY area, and collaborated with museums and non-profits such as Eastman Museum, Boston Museum of Science. Member of the Toptal freelance network.

### SEO Specialist / Web Developer at Accelerate Media, Inc, Rochester, NY

February 2014 — February 2015

Performed SEO audits and keyword research, managed Google AdWords PPC campaigns, and implemented A/B tests. Managed projects in Wordpress and Yii Framework.

## 🎓 EDUCATION

### Bachelor of Science, Mathematics and Computer Information Systems, SUNY Brockport

May 2009

3.85 GPA. President's List with Honors, Brockport Math and Computer Science Scholar. Student representative on the Computer Science Curriculum Committee. Student Web Developer.

## ★ CERTIFICATIONS

- Acquia Certified - Drupal 7 & 9
